

Les sables d'Olonne

A long, narrow concrete pier extends from a sandy beach into the blue sea. At the far end of the pier on the left, there is a white lighthouse with a green top. At the far end on the right, there is another white lighthouse with a red top. The sky is clear and blue. In the distance, a large ship is visible on the horizon. A small white barrier with a red top is in the foreground on the right. The text "Le Départ du Vendée Globe" is centered in the middle of the image.
